A petition entitled, "PETITION TO ENTER DRAWINGS", was filed January 30, 2002 and supplemented on June 20, 2002. The petition requests, in effect, partial withdrawal of the Notice to File Corrected Application Papers, mailed July 24, 2001, because petitioner alleges that missing Figures 5-9 were included in the original filing.

The petition is **dismissed** and will not be treated because the application is currently abandoned.

The Notice to File Correct Application Papers, mailed July 24, 2001, in addition to informing petitioner of omitted items, required petitioner to file substitute drawings in compliance with 37 CFR 1.84 by September 24, 2001. This period was extendable under 37 CFR 1.136(a). The Office has no record of receiving substitute drawings for Figures 1-4. Accordingly, the above-identified application became abandoned on September 25, 2001.

If petitioner possesses a date stamped postcard receipt from the Office or other evidence that petitioner mailed substitute drawings in compliance with 37 CFR 1.8 or 37 CFR 1.10 on or before September 24, 2001, petitioner should submit the evidence with a petition to withdraw the holding of abandonment.

Petitioner may file a petition to revive under 37 CFR 1.137(a) or 37 CFR 1.137(b) if petition cannot provide persuasive evidence of receipt in the Office or mailing of the drawings on or before September 24, 2001.

Whichever option petitioner selects, a copy of substitute drawings figures 1-4 must be included.

The petition to enter drawings will not be addressed until the application is in active status.
